

Enjoy soft background music throughout your home or crank up the energy for a party. On-Q lyriQ Music Solutions integrate with your existing audio components to put you in control of the sounds. Stylish, new Keypad Volume Controls have infrared sensors that allow you to remotely operate all keypads in the system.

Experience unprecedented flexibility in whole house music with the On-Q Ultimate Music Solution. Slow dance to your favorite music in the den while each of the kids rock out to their own favorite artists in their bedrooms. With On-Q smart audio solutions, you'll get audiophile-quality stereo sound everywhere you want with total control.
