

# NEXTGEN

SMART HOME & OFFICE

## What We Do

Nextgen provides residential and business clients with technology solutions for entertainment, management, and infrastructure for today's and tomorrow's digital homes and offices. We provide

design, installation, consultation, and service in areas such as home theater, home management and automation systems, commercial installation and much more.

*We believe customer satisfaction and professionalism is the key to any business, and that carries over into your home or office. Your system should be tailored to your specific needs and most importantly, reliable and simple to use*

Whether you are building a new home or office, making a major addition or just want to turn your family room into a great home theater, we can help. We have tailored our systems to meet any budget. Whether it's a TV mounted on the wall or a six figure full automation suite. If you're looking for someone for large

format installations, there is none better. Our knowledge and Proven expertise will enable us to seamlessly integrate your entertainment and automation systems into your home or office environment.

## About Us

Founded 7 years ago and serving the Southern New Brunswick region. Nextgen has the ability to provide you with a complete solution for your home or office. We create unique environments customized to your specifications. Our services make it easy for you to access and manage the systems and products we install. We will work with you to create a system that is a reflection of your lifestyle, business style and tastes. We take a hands-on approach with our clients to ensure complete satisfaction on every project. Our reputation is built on our ability to create environments where automated technology reflects individuality and enhances lifestyle.
